

Thank you for coming to the Reagan County Tournament, Feb 15-17. As of right now I have been assured that our field will be ready for games by the time of this tournament, if for some reason it is not, we will have to move it to a different field that will not be turf, but we will get the games in either way, so lets all keep our fingers crossed. I ask that your players do not wear metal cleats and please no sunflower seeds. I know it is early in the season and many of us may be missing key players still in basketball, or you are just trying to figure out who is going to pitch for you so if you and the opposing team's coach agree to a run per innings rule that is perfectly fine. We will be playing a rolling schedule so be ready to play before the scheduled start time. Dugouts are first come first serve, but Reagan County will always have the third base dugout. We are in a park, so there is plenty of room to warm up. There are batting cages on both sides, but they are only accessible through the field of play, so your teams will need to hustle in and out of them, between innings.

Game Length: 75 minutes finish the inning

Run Rules: 12 after 3, 10 after 4, 8 after 5
